To the Raining Hope Supporters:

We greet you all in the name of our Lord Jesus Christ. Raining Hope Ministries Uganda thank you for all you are doing for the purposes of the Kingdom of God. We are so thankful for how God is using you in our lives. We are seeing God use the children of Raining Hope to minister hope to hungry souls. God is doing great things in our midst. We have dedicated ourselves to the Lord and His purpose to reach out to our population with the gospel of Jesus Christ the very hope we receive from the Lord.

This year we have seen God's provision through you in many ways.

Recently in September we received overflowing love & hugs from Mama Kisakye on your behalf. She always tells us how much you love us all. We are thankful for the sound equipment for ministry & outreach programs. God is such a good God. We celebrate this **Thanksgiving** together with you thanking you for what you are doing to help our dreams become a reality. You are in our hearts and we remember you in our prayers. Thank you so much for your continual support in all aspects of our ministry. May the eternal God preserve you for His purpose & goodness.

From all those at Raining Hope we wish you a very blessed Thanksgiving! Yours in Christ, Godfrey

TOTAL NEEDED TO SET UP OFFICIAL OFFICE: \$221

New Certification Requirements:

Raining Hope in Uganda is registered as a Community Based Organization (CBO). This means we can only operate in the district we are registered in which currently is Jinja. Because our children are FROM other districts we need to register as a Company Limited by Guarantee (CLG). This allows us to help the families of our children and do outreach anywhere in the nation. A CBO has to go through registration every year. As a CLG we would officially be registered in the nation of Uganda and not have to go through this process annually any longer.

In Uganda, the law provides two paths to register for non-profit organizations such as ours, CLG and NGO. Many ministries are now opting to register as CLG's due to strict laws & issues that minimizes organizational privacy as an NGO.

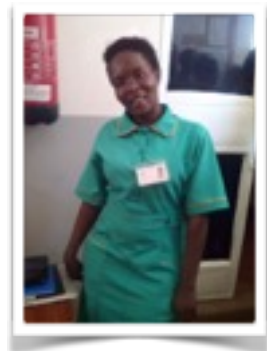

We have already started the process of applying as a CLG. We have passed every part of the application & are highly favored by those that are a part of the screening.

Before the final inspection, there are two final requirements:

- 1) **A nursing station** to handle emergencies before taking the children to the hospital. We need to be in position to offer first aid.
- 2) **An official office** to handle future developments & all operations of the home & ministry.

Two of our students, Jonathan & Jessica are currently in nursing school. Having our nursing station will encourage them in their clinical work.

As soon as we raise the needed funds for the nursing station & office, we will call for the final inspection! This is exciting news for Raining Hope! Please join us in prayer.

I hope that you have been able to read the **updates from Chapter 22**. I am currently at Update #12. If you have missed any of the updates by email they are all online at www.raininghopeuganda.blogspot.com. I continue to have email & address book issues with Yahoo. If you are missing any updates or newsletters, please contact Eydie to make sure your name did not get excluded from the mailing list.

The updates remaining are: #13 - The Conference Part 2 / #14 - The Conference Part 3 / #15 - The Raining Hope Anniversary Party / #16 - The Movies & Futbol / #17 - The Send Off .

PRAISE! Another donation was given to purchase an additional tent. Since the crusade & conference, our Sunday Services have steadily been growing. Godfrey informed me we now have over **100 in attendance!** We already **outgrew the tents** we purchased in September! We are thankful for the generous donors who helped with this overflow situation!

PRAISE! We were able to purchase new school shoes for all the children! They are are so thankful to all of you for making this possible.

Renovations / Septic Tank

Our prayer has been to raise the money needed for renovations for the house so we can concentrate monthly on our regular budget expenses. The renovations include roofing the main house (\$4,974), electrical repairs (\$366), plumbing (\$1,318), rain water harvest tank to save on monthly water bills (\$1,068), painting boy's quarter house (\$1,026) & painting main house (working on estimate).

In order of priority, the septic tank is our immediate need. Our next door neighbor has **begun the work** on the land they are developing that effects the septic tank we currently use. **This current tank will be shut down in December.** The estimated cost for the building of our septic tank will be \$2,135. Please join us in prayer that the funds would be provided.
